

Christmas Island Outfitters at Sunset Horizon Lodge with Dominic Singh Of Worley Bugger Fly Co.

July 28 - August 4, 2020

The fact that virtually every fly angler in North America has heard of Christmas Island is far from coincidence. Amidst the vast inventory of the world's saltwater destinations, Christmas Island is a unique and natural masterpiece that magically combines all the elements critical to fly fishing success. Endless hard sand flats, remarkable numbers of cruising bonefish and trevally, and consistent year-round weather await all who visit this unique atoll. Guides at Christmas Island Outfitters have been handpicked for their overall level of experience and skill, calmness under pressure, and instructional abilities. Each day anglers will depart via truck or catamaran for the day's fishing. Virtually all fishing entails sight casting to visible fish while wading in shallow water.

"Christmas Island is a strange and wondrous saltwater seascape that seems to have been infinitely blessed by the fishing gods. It is a vast Matrix-like network of endless hard sand flats, lagoons, channels and reefs spread out across the Earth's largest raised coral atoll. The main lagoon harbors the world's most expansive system of productive shallow water flats. Bonefish, trevally, trigger fish, sharks, snappers, puffers and milk fish patrol more than 100 named flats perfectly designed for wading fly anglers. Christmas Island is a veritable wonderland for the saltwater fly angler and Christmas Island Outfitters is there to make your dreams come true."

Dominic Singh Bio

Dominic is an experienced saltwater fly fisherman and commercial fly tyer born and raised in Ellensburg. At the age of 18, Dom has been fortunate enough to have experienced many saltwater fisheries and has caught numerous saltwater species including permit and bonefish on the flats of the Bahamas and Mexico, trevally in Hawaii, and salmon off the shores of the Pacific Northwest. In addition to fishing, Dom has also supplied countless flies for fishermen travelling to saltwater destinations worldwide, holding quality to the highest importance when tying original and custom patterns. Dom is a pro-staff member of Worley Bugger Fly Co.

2020 Itinerary:

Monday / July 27

:

You will need to arrive in Honolulu on Monday or before and overnight at your elected hotel (accommodations are independently arranged and not included).

Tuesday / July 28

:

Depart Honolulu / Arrive Christmas Island: Outside of customs you will be met by head guide Bitā (Peter) Kairoi (head guide). Bitā will help you load your gear into the lodges transport truck(s), then you will drive 30 minutes to the lodge. Once there you will receive a brief introduction from Bitā, check into your room and prepare tackle for fishing the next day.

Wednesday to Monday / July 29 - August 3:

Six full days of fishing on Christmas Island.

Each day you'll depart via truck or catamaran for the day's fishing, and spend time exploring the endless hard sand flats and pristine atolls that surround the island of Kiribati. Virtually all fly fishing entails sight casting to visible fish while wading in shallow water.
